

Calcola valore di Seno e Coseno per un angolo in gradi

```
Const pigreco As Double = 3.1415926535
```

```
Dim angolorad As Double
```

```
Private Sub cmdCalcola_Click()
```

```
    angolorad = angologradi / 180 * pigreco
```

```
    lblSIN.Caption = Format(Sin(angolorad), "#0.000")
```

```
    lblCOS.Caption = Format(Cos(angolorad), "#0.000")
```

```
End Sub
```

```
Private Sub Form_Load()
```

```
    angologradi = 0
```

```
    angolorad = angologradi / 180 * pigreco
```

```
    lblSIN.Caption = Format(Sin(angolorad), "#0.000")
```

```
    lblCOS.Caption = Format(Cos(angolorad), "#0.000")
```

```
End Sub
```
